

# Advanced Care Planning Conversation

Questions to discuss with your loved one

What if...

- ...you become more ill, where do you want to be cared for?

- ...you become unable to safely swallow food – would you want to be fed with a tube into your stomach?

- ...you develop an infection – would you like to be admitted to hospital for treatment or would you prefer treatment in your home or LTC?

What do you think...

- ...about what we need to do if you become unwell?

- ...about what your family or friends might want to know?

- ...about what your family or friends might think about this conversation?

What...

- ...else do I need to know about you?

- ...are you worried/ not worried about?

- ...matters most to you now or later?

- ...would a good day be like?
